

The following section refers to sportfishing throughout the province. Site-Specific Regulations for lakes and streams are listed under Watershed Unit sections for each Fish Management Zone, which appear on pages 26 to 77.

Alberta Sportfishing Licences

Requirements

An Alberta Sportfishing Licence is required to fish in Alberta by means of sportfishing (see Licences and Costs, page 14 and sportfishing definition, page 15). If you are under 16 years of age, an Alberta resident aged 65 or older, or a registered Indian under the *Indian Act*, you are not required to have a Sportfishing Licence, but you must follow sportfishing regulations. Sportfishing Licences are not required when a person is sportfishing on a designated Free Fishing Weekend (see page 7).

Sportfishing Licences are available at private licence issuers throughout the province or online at albertarelm.com.

Licences must be carried at all times while sportfishing and transporting fish and must be presented immediately to an officer upon request.

If a person is convicted of a provincial fishing offence and fails to pay their fine, they will be suspended from purchasing or using a sportfishing licence, a hunting licence or applying on draws until that outstanding fine has been paid. Similarly, failure to pay a fine resulting from a hunting conviction will result in the same restrictions.

Draws For Special Walleye Licences

The "2012 Special Walleye Licence Draws" pamphlet provides complete information about the draws and is available at Licence Issuers, Fish and Wildlife Division Offices and online at mywildalberta.com

In 1996, Alberta introduced major restrictions on the walleye fisheries to allow their recovery after major declines due to fishing pressure. Several of these fisheries have recovered to the point where a limited harvest of specific sizes of walleye can be sustained. If these lakes were open to allow all anglers to keep a fish, the walleye would quickly be over harvested and the excellent sport fishery would be lost. Recognizing the impact of the high number of anglers and the need to preserve fisheries where fishing pressure is significant, a limited harvest option has been developed. A special walleye licence is available to Albertans selected on a draw basis for specified lakes. These lakes were selected based on the most current scientific information on walleye productivity and angler pressure.

Notice to Anglers

At the time of printing this document, the lakes identified are open for the current season under a Special Licence Draw. Sustainable Resource Development (SRD) reserves the right to close any of these lakes if it is deemed that a lake will not be able to sustain a harvest ie. a lake is at risk for winterkill, SRD will implement a zero draw quota. If you have any questions regarding this statement, contact Fisheries Management Branch email: srd.infocent@gov.ab.ca

Tagging Instructions

A walleye that is retained must be **tagged immediately through the gill cavity and mouth** with a paper tag and wire. To tag your walleye refer to the instructions on the tag.

2012 DRAWS

- | | |
|--|---|
| March 22 - April 23 | Draw applications may be purchased for \$3.04 (plus GST) online at albertarelm.com or at licence issuers or 1-900-451-3474. The call will cost \$3.25 for the first minute and \$1.15 for each additional minute. Charges will be on your phone bill. Touch-tone phones only (no cellulars). |
| Commencing May 4 | Draw results may be viewed online at albertarelm.com . |
| May 4 - May 10 | Draw results available on 1-900-451-3474 line (\$0.75 per minute), touch-tone phones only (no cellulars). |
| May 7 - March 8, 2013 | Special Walleye Licence available for purchase online at albertarelm.com or at licence issuers. Online paper tags and wires are available at Fish and Wildlife offices. |
| May 9 | Undersubscribed Licence information available at 1-877-289-0999, or online at mywildalberta.com . |
| May 11, 9:00 a.m. to March 7, 2013 midnight | Undersubscribed licences available for reservation online at albertarelm.com (\$3.04 per application) or on the 1-900-451-3474 line (\$1.25 per minute) on a first-come first-served basis. |

Additional draw information is available at mywildalberta.com. Need help? Call 1-877-289-0999.

Spearfishing / Bowfishing

A special licence for spearfishing or bowfishing is not required. Spearfishing and bowfishing is allowed under the Alberta Sportfishing Licence.

- ▶ Only spears propelled by spring, elastic, compressed gas or muscular power are permitted.
- ▶ Only persons who are swimming may spearfish.
- ▶ Spears or bows cannot be used to take trout, mountain whitefish, Arctic grayling, lake sturgeon, walleye or northern pike.
- ▶ Spearfishing or bowfishing are not permitted in Gods, May, Seibert, Winefred, Andrew, Gardiner and Namur lakes.

Sportfishing by Indians

Indians do not need an Alberta Sportfishing Licence or WIN card for general sportfishing, however all other sportfishing regulations apply equally to all persons, including Indians. Indians are persons registered as Indians under the *Indian Act*.

Sportfishing in Provincial and National Parks

Alberta Sportfishing Regulations apply in Alberta Provincial Parks, but not in National Parks. Separate regulations apply to those waters or portion of waters within National Parks. To fish in a Provincial Park, you need an Alberta Sportfishing Licence (see licence exemptions under "Requirements" on page 16). Provincial licences are not valid inside National Parks and regulations may differ. To fish in a National Park, you need a National Park Fishing Permit, which is valid only within the National Park. National Park fishing permits are available at most park facilities and some commercial outlets. For information on sportfishing in the National Parks, contact the Western Regional Office of Parks Canada in Calgary at (403) 292-4401, or toll free 1-800-748-7275.

Fishing in a Wilderness Area or Ecological Reserve is prohibited by the *Wilderness Areas, Ecological Reserves, Natural Areas and Heritage Rangelands Act*.

Sportfishing in Cold Lake

Sportfishing in Cold Lake requires either an Alberta Sportfishing Licence (see licence exemptions under "Requirements" on this page), or a Saskatchewan Angling Licence. The *Alberta Fishery Regulations, 1998* apply to the Alberta portion of Cold Lake; while the Saskatchewan Regulations apply to the Saskatchewan portion of Cold Lake (Saskatchewan regulations are consistent with Alberta regulations for Cold Lake).

Derby and Tournament Licensing

The licensing of organized fishing derbies and tournaments (Competitive Fishing Events or CFE's) is required for events involving more than 25 participants. The type of licence depends on the number of participants and the value of prizes. The cost of all licences is \$25 and will be issued only to organizers who are residents of Alberta. Best Management Practices have been developed and incorporated into licence conditions to reduce impacts on fish populations. Events with 25 or fewer participants do not require a licence, but organizers are encouraged to voluntarily register such events and to follow best management practices.

Non-competitive fishing events, any event where 26 or more people participate in angling for one or more consecutive days on a specified water, do not require a licence, if prizes are awarded for participation or random draw, not a fishing competition.

The CFE website, at mywildalberta.com, provides organizers with application and reporting forms, licence conditions, contact information, and information on how best to operate an event. A Frequently Asked Questions document addresses the issues event organizers need to consider prior to advertising and running an event.

WARNING!

Watch out for airtankers this summer

For your safety, keep your watercraft within 30 metres of the lakeshore when airtankers are using the lake for firefighting operations
