

The **REPORT A POACHER** program provides Albertans with the opportunity to report suspected violations using a toll-free number: **1-800-642-3800** or **#3800** on the **TELUS Mobility network** (courtesy TELUS Mobility).

The line is in operation 24 hours a day, 7 days a week.

Fishing or hunting out of season, night hunting, exceeding bag limits, illegal sale of fish and wildlife and deposit of harmful substances in lakes and rivers are violations that seriously affect fish and wildlife in Alberta. If you see or know of a violation, you should record all information, including

- date
- time
- location
- vehicle licence number
- vehicle description
- description of person(s) involved
- details of violation, and any other details, no matter how insignificant they may seem. You should then contact the nearest Fish and Wildlife Division office or call **1-800-642-3800** as soon as possible.

If the information provided concerns a resource violation and results in the laying of a charge, the reporter may be eligible for a reward. If you have any questions about this program, please contact the nearest Fish and Wildlife Division office (page 16).

## Wild Game Public Health Advisory

The wild game public health advisory for the Swan Hills area – originally issued on December 13, 1996, by the Provincial Health Officer – has been revised as a result of more extensive wild game testing. While recent test results confirm that eating wild game from the Swan Hills area poses no immediate threat to human health, it is recommended that individuals limit the amount of wild game eaten.

## COMMON LICENCE MISTAKES

### GENERAL MULE DEER LICENCE

This general licence is valid during the “archery only” season, which precedes the general season. It is valid during the general season in the following WMUs: 316, 339-344, 347, 349-356, 412, 414, 432, 440-446, 511-520, 524, 525, 528-534, 536, 539-544 and 841. This licence is not valid during a season in which a Special Licence is required. In the Alberta Guide to Hunting Regulations, special licences are required for all seasons where a small black box is located beside the season date.

### SUPPLEMENTAL ANTLERLESS MULE DEER LICENCE

This licence is issued with two tags and is only valid in WMUs 200, 234, 236, 256 and 500. It is a general licence and does not require a draw application.

### SUPPLEMENTAL ANTLERLESS WHITE-TAILED DEER LICENCE

This licence is issued with two tags and is only valid in WMUs 200-208, 214-238, 244, 246, 254-258, 300, 310-314, 322-357, 360, 436-446, 500-503, 505, 507-531, 534-544. It is a general licence and does not require a draw application.

### YOUTH MULE DEER LICENCE

This general licence is available for resident hunters who are 12-17 years of age and who are eligible to hunt. It is a general licence that is valid during the “archery only” season, which precedes the general season. It is valid during the general season in the following WMUs: 316, 339-344, 347, 349-356, 412, 414, 432, 440-446, 511-520, 524, 525, 528-534, 536, 539-544 and 841. This licence is not valid during a season in which a Special Licence is required. In the Alberta Guide to Hunting Regulations, special licences are required for all seasons where a small black box is located beside the season date.

### YOUTH WHITE-TAILED DEER LICENCE

This licence is valid for resident hunters who are 12-17 years of age and who are eligible to hunt. It is a general licence and is valid during a general season (archery or rifle). Because it is a general licence, it can not be used during the rifle season in WMUs 404, 406 and 408 (a special licence is required). In the Alberta Guide to Hunting Regulations, special licences are required for all seasons where a small black box is located beside the season date.

### SUPPLEMENTAL BLACK BEAR LICENCE

This licence is only valid in WMUs 224, 250, 258, 260, 320-360, 429, 445, 500-544 and 841.

### SPECIAL LICENCES

If you are drawn for a special licence, your draw priority returns to zero and that draw cannot be cancelled. You may not be able to purchase a particular general licence once you have been drawn for a special licence of that same species. Example: if you are drawn for Antlered Mule Deer, Antlered White-tailed Deer or Antlered, Antlerless, or Calf Moose you will not be able to purchase a general licence for that species. If you are drawn for Either Sex Elk, WMU 300 Elk, Antlered or Antlerless Elk, you will not be able to purchase a general elk licence. Resident hunters are able to purchase an elk licence in combination with the WMU 212 Antlerless Elk Archery and the WMU 212 Antlerless Elk Special Licence. See licence combinations on page 24.

## Only Elk, Moose and Deer are eligible for donations.

Thank you to everyone who participated in the Alberta Hunters Who Care Deer for the Foodbank Program in 2010. This is the fifteenth year of our program that has seen more than 175,000 pounds of high quality wild game donated to the Edmonton Foodbank. Please help us feed those in need again in 2011. All hunters and outfitters are encouraged to participate.

### Important Changes for 2011:

- 2 We will now accept donations from Oct 15, 2011 to Dec 15, 2011.
- 3 There are no extra wild game tags allotted for this program. You are asked to share the harvest from any one of the general season, supplementary or undersubscribed elk, moose or deer tags that are available.
- 4 Only elk, moose or deer that have been harvested between October 15 and December 15, 2011 during the regular hunting seasons are eligible for this program.

- 6 Please contact the processor to ensure whether the elk, moose or deer can be brought in skinned or unskinned.
