

## Quotas

The various species of fur-bearers differ in abundance, distribution and opportunity to harvest. Registered Fur Management Areas (RFMAs) also vary in size. To allow trappers a greater opportunity to manage fur-bearers, varied quotas exist.

Quotas for fisher, lynx and otter within each RFMA have been linked to the size of the trapping area. A basic quota for these species will apply for all RFMAs up to two townships in size. Additional increments will be added for additional townships (or parts of a township). These increments vary according to WMU, (please note: the higher quota applies when an RFMA falls into WMUs having different quotas). The following table lists the quotas and increments applicable to RFMAs lying in the designated FMZs or WMUs (see map).

### Registered Fur Management Area Quotas

Zones	Fisher		Lynx		Otter		Wolverine
	Basic Quota	Increase for excess Twp*	Basic Quota	Increase for excess Twp*	Basic Quota	Increase for excess Twp*	Basic Quota Only
<b>Zone 1</b> WMU 511, 512, 516, 517, 518, 519, 529 WMU 530, 531, 532	10 10	3 3	10 10	4 4	10 8	3 2	1 1
<b>Zone 2</b> WMU 357, 358, 359, 522, 523, 524, 525, 526, 527, 534, 535, 536, 537, 539 WMU 520, 528, 540, 541, 542, 544	10 10	4 4	12 12	5 5	2 6	1 3	1 1
<b>Zone 3</b>	6	4	4	2	10	3	1
<b>Zone 4</b> WMU 320 to 328, 332, 334, 429 WMU 330, 336 to 342, 348, 507, 508 WMU 344, 346, 347, 352 WMU 349, 353, 354, 355, 356, 360, 521 WMU 350 and 351	3 3 3 10 10	1 1 1 4 4	5 5 5 6 6	2 2 2 3 3	0 1 2 2 2	0 0 1 1 1	1 1 1 1 1
<b>Zone 5</b>	1	1	4	2	0	0	1
<b>Zone 6</b>	0	0	3	1	0	0	1
<b>Zones 7 &amp; 8</b>	0	0	0	0	0	0	0

\* Increase for each Township (Twp), or part of it, in excess of two Townships.
